

FRECCIA-1000

Freccia 1000, like all the Naumatec models, comes from the gritty, clean and elegant design of Federico Fiorentino.

This tender boasts a high-performance hull, matched to a really comfortable and spacious deck equipped with a small cabin and a toilet.

Thanks to features like the useful cabin, the wide sunbathing spaces, the elegant finishes and the high quality materials, life at sea with this tender is enjoyable, easy and fun both while navigating and while relaxing.
