

Tenderlux – 585/620

TENDERLUX 585 was conceived to extend the range offered to those who desire a tender characterized by clean and sophisticated design, excellent performances and comfortable interior spaces.

A 6,20 meters configuration, that keeps internal accommodations unchanged, is an option when space in the yacht is an issue. The yard pays particular attention to the internal livability of its tenders, especially in models up to 6 meters which are characterized by very large, comfortable and easily accessible spaces for the tender size.

Believing that the tender should reflect quality, image and prestige of the yacht that it serves, Naumatec customizes its tenders' finishes according to the owner's need.

TECHNICAL SPECS:

Max Length (m):	5,85 extensible to 6,20
External Beam (m):	2,16 inflated
Max Height (m):	1,25 (reducible to 1,15 on demand)
Dry Weight (kg):	From 1200
Tubes diameter (m):	0,5 - 0,2
Tubes compartments:	5
Max Load (people):	10
Fuel tank capacity (lt):	Up to 95
Engines :	Up to 220 Hp Gasoline Up to 170 Hp Diesel
Transmissions :	Stern Drive Jet (on demand)
Detected speed:	36 Knots with Mercruiser 2.0 170 Hp Diesel

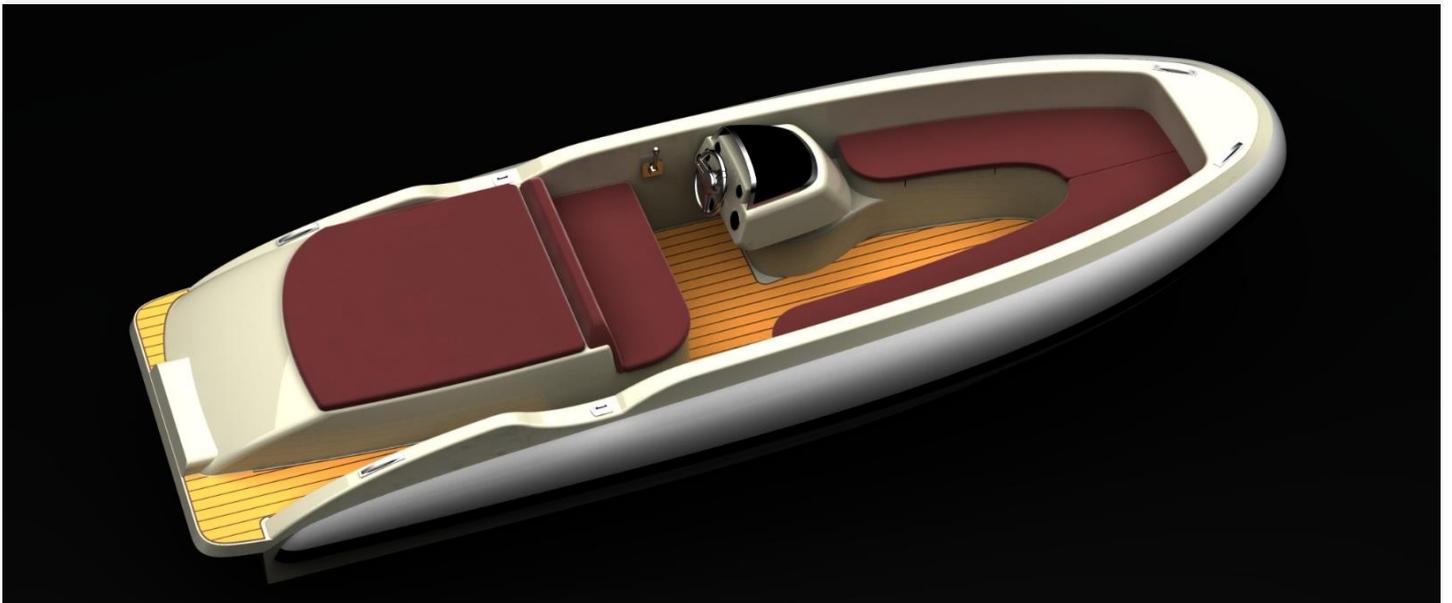

ENGINE OPTIONS:

Mercury Diesel 2.0 170 Hp – Bravo 1X

STANDARD EQUIPMENT:

Gelcoat in White Colour
Tubes in Hypalon White colour
Teak coated deck
Retractable navigation light
Full cushions set
Retractable Swimming ladder
Retractable mooring cleats
Eyebolts at stern
Automatic + manual bilge pump
Electric inflator System
Courtesy kit and fire exhtingisher

OPTIONALS:

Hull Custom Colour Gelcoat
Hull Double Lyer Painting
Deck Double Lyer Painting
Custom Colour Hypalon Tubes
Fresh Water Shower
Audio System Raymarine
GPS Chart Plotter Raymarine
